Princeton ACM / IEEE-CS Social Gathering
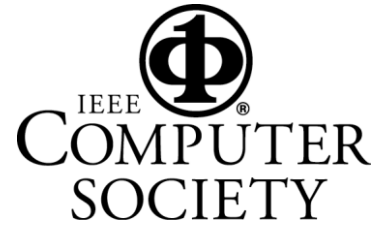

The Princeton ACM/IEEE-CS will host a social gathering on Thursday, Sept. 21 – at the Princeton University Computer Science Building. This will be an opportunity for all of us to reconnect face-to-face, after a couple of years of virtual and hybrid meetings. It's all informal: you can come to catch up with old friends or make new friends. Long-time attendees and newbies are welcome. No masks required!

The chapter will supply light refreshments. Just bring yourself and your curiosity.

This event will give everyone a chance to meet with our chapter leadership, and we will take time to have informal discussions about this year's chapter activities – and opportunities to get involved (such as assisting with our monthly meetings, seminars, TCF activities, and publicity).

The meeting is free and open to the public. Let us know if you are coming so we can plan the refreshments!

Please register on Meetup.com if you plan to attend:
